Report Human Trafficking

Homeland Security Investigations Tip Line: **1-866-347-2423**
National Human Trafficking Hotline: **1-888-373-7888**

⚠️ If you or someone you know is in immediate danger, **please call 9-1-1**

To report suspected human trafficking to federal law enforcement, call [1-866-347-2423](tel:1-866-347-2423).

If you are a victim of trafficking and need help, call the National Human Trafficking Hotline (NHTH) at [1-888-373-7888](tel:1-888-373-7888) or text HELP or INFO to BeFree (233733).

When you identify and report suspected human trafficking, you help law enforcement rescue victims and connect them with important services like medical and mental health care, shelters, job training, and legal help. Your actions directly support survivors as they work to regain their freedom and dignity.

What to Report:

- **WHO** you saw.
- **WHAT** you saw.
- **WHEN** you saw it.
- **WHERE** it occurred.
- **WHY** it is suspicious.

Remember: No tip is insignificant. If a situation gives you pause, trust your instincts. The presence or absence of any of the indicators is not necessarily proof of human trafficking. It is up to law enforcement to investigate suspected cases and make the determination. Factors such as race, ethnicity, sex, and/or religious affiliation are not indicators of suspicious behavior.

Do not at any time attempt to confront a suspected trafficker directly or alert a victim to your suspicions.

Your safety, as well as the individual's safety, is most important. Instead, please contact local law enforcement directly or call the tip lines shown on this page.

If you believe the situation is an emergency or that someone is in immediate danger, **call 9-1-1**.
